

Floral Arrangement

Scenario:

You are the senior designer in your school's floral and greenhouse shop. Your advisor has just requested that you compete a design for a faculty member in your school who recently lost a family member. You will be using the FTD blue garden container. As the senior designer, your advisor has allowed you creative freedom to use whatever product you would like in the design as long as you are as close as possible to \$55.00.

Cost of Products
