

Sensory – Triangle Tests

You have four sets of products to taste, three samples in each set. Each set has two samples that are the same and one that is different. Taste the samples in the order listed, taking a drink of water between samples.

PLEASE RECORD THE CODE FOR THE SAMPLE THAT IS DIFFERENT ON YOUR SCORE SHEET.

Each test is worth 5 points, for a total of 20 points.

Product 1:

286	994	673
------------	------------	------------

Product 2:

906	564	222
------------	------------	------------

Product 3:

837	116	472
------------	------------	------------

Product 4:

912	888	257
