The National FFA Organization National Event Winners - Agronomy 2021

INDIANAPOLIS- Winners of the National FFA Agronomy Career Development Event (CDE) were announced Friday at the annual awards banquet. The event was held in conjunction with the 94th National FFA Convention & Expo in Indianapolis. Mr. Jamie Bultemeier of A&L Great Lakes Laboratories on Indiana served as superintendent of the event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event. The cash awards and the agronomy event are sponsored by Bayer and Nutrien Ag Solutions.

The National FFA Agronomy CDE is a competitive event that allows students to apply classroom knowledge to real-life situations. Participants' knowledge of agronomic sciences was tested through several levels of competition including developing solutions for problematic scenarios; identification of seeds, insects, soil and crops, and other management practices.

The event, held at the Indiana State Fairgrounds in Indianapolis is one of many educational activities at the National FFA Convention & Expo in which FFA members practice the lessons taught in agricultural education classes.
