The National FFA Organization National Event Winners - Forestry 2021

INDIANAPOLIS- Winners of the National FFA Forestry Career Development Event (CDE) were announced Friday at the annual awards banquet. The event was held in conjunction with the 94th National FFA Convention & Expo in Indianapolis. Mr. Justin Sealy of Georgia served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event. The cash awards and the forestry event are sponsored by John Deere.

The National FFA Forestry CDE is a competitive event that tests students' skills and knowledge in the area of forest management. Event components include a general forest knowledge exam, tree identification, timber cruising, tree/forest disorders identification, a chainsaw practicum, forestry issues interview, and a team activity. Each team competed at local and state levels for the privilege of representing their state at the National FFA Convention & Expo.

This event, held at the Hyatt in Indianapolis and a central Indiana forest, is one of many educational activities at the national convention in which FFA members apply classroom knowledge to real-life situations.
