The National FFA Organization National Event Winners - Veterinary Science 2021

INDIANAPOLIS- Participants of the National FFA Veterinary Science Career Development Event (CDE) were recognized on Friday at the award banquet. The event was held in conjunction with the 94th National FFA Convention & Expo in Indianapolis. Mrs. Christian Birch of Zoetis served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event. The cash awards and the veterinary science event is sponsored by Zoetis and U.S. Poultry & Egg Association.

The National FFA Veterinary Science CDE is a competitive event that tests the participant's ability to apply veterinary science knowledge and skill in practical settings as well as identify breeds, parasites and equipment. Participants also complete a written exam and respond to scenario questions about current topics in the veterinary industry. Teams present to a panel of judges about the roles and responsibilities of the veterinary team in a variety of situations involving patients from companion animal to large animal. Teams competed at local and state levels for the privilege of representing their state at the National FFA Convention & Expo.

This event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the national convention in which FFA members apply classroom knowledge to real-life situations.
