The National FFA Organization National Event Winners - Dairy Cattle Evaluation and Management 2022

INDIANAPOLIS- Winners of the National FFA Dairy Cattle Evaluation and Management Career Development Event (CDE) were announced Friday during the sixth session of the 95th National FFA Convention & Expo in Indianapolis. The event was held in conjunction with the 95th National FFA Convention & Expo in Indianapolis. Mr. Ron Tilford from Ohio served as superintendent of the event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The National FFA Dairy Cattle Evaluation and Management CDE is a competitive event that tests the student's ability to select and manage quality dairy cattle. Event components include six classes of dairy cattle, herd record evaluation and dairy management team activity. Each team competed at local and state levels to earn the privilege of representing their home state at the National FFA Convention & Expo.

The event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the National FFA Convention & Expo in which FFA members demonstrate their ability to apply classroom knowledge to real-life situations.
