The National FFA Organization National Event Winners - Horse Evaluation 2022

INDIANAPOLIS- The National FFA Horse Evaluation Career Development Event (CDE) winners were announced Thursday during the third session of the 95th National FFA Convention & Expo in Indianapolis. Mr. Josh Tjosaas of Northland College served as superintendent of the national event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The National FFA Horse Evaluation CDE is a competitive event that tests students' ability to select and evaluate horses. Event components include eight selection classes consisting of four halter classes and four performance classes. Students also give four sets of oral reasons with two sets coming from each evaluation class. Teams also work together to complete practical activities and a team presentation. Each team competed at local and state levels for the privilege of representing their state at the National FFA Convention & Expo.

The event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the national convention in which FFA members apply classroom knowledge to real-life situations.
