The National FFA Organization National Event Winners - Food Science and Technology 2024

INDIANAPOLIS- Winners of the National FFA Food Science and Technology Career Development Event (CDE) were announced Thursday during the second session of the 97th National FFA Convention & Expo in Indianapolis. Mr. Ray Pieniazek of Texas served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The National FFA Food Science and Technology CDE is designed to test a student's basic knowledge of food science as well as the student's ability to apply this knowledge to practical situations. Each team participates in a timed team product development project, and each individual participates in practicums involving food sensory evaluation and food safety and sanitation as well as a written exam.

This event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the National FFA Convention & Expo in which FFA members apply classroom knowledge to real-life situations.

Top Placing Teams

1st Place-- Ohio	Savannah Durheim, Jenna Ebbers, Brandon Edwards, and Jacob McMillen, all of Big Walnut- DACC FFA
