The National FFA Organization National Event Winners - Meats Evaluation and Technology 2024

INDIANAPOLIS- Winners of the National FFA Meats Evaluation and Technology Career Development Event (CDE) were announced Friday during the fifth session of the 97th National FFA Convention & Expo in Indianapolis. The event was held in conjunction with the 97th National FFA Convention & Expo in Indianapolis. Dr. Stacy Scramlin Zuelly served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The National FFA Meats Technology and Evaluation CDE is a competitive event that tests students' skills and competencies in evaluating and identifying meat carcasses and products. Event components include a general knowledge exam; beef carcass evaluation; identification of wholesale and retail cuts of beef, lamb, and pork; quality and yield grading of beef carcasses; a team meat merchandising event; and solving of a meat formulation problem. Each team has competed on the local and state levels to earn the privilege of representing their state at the National FFA Convention & Expo.

This event, held at the Land O'Lakes Center, Inc. for Experiential Learning at Purdue University in West Lafayette, Ind., is one of many educational activities at the National FFA Convention & Expo in which FFA members apply classroom knowledge to real-life situations.
