The National FFA Organization National Event Winners - Nursery/Landscape 2024

INDIANAPOLIS- Winners of the National FFA Nursery/Landscape Career Development Event (CDE) were announced Thursday during the second session of the 97th National FFA Convention & Expo in Indianapolis. Ms. Merry Mott with the Florida Nursery, Growers and Landscape Association served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The National FFA Nursery/Landscape CDE is a competitive event in which FFA members test their knowledge and skills in nursery practices and landscaping. Participants must complete a general knowledge exam testing horticultural principles including plant anatomy, production, marketing, turf, landscape design and maintenance. Each participant must also complete practicums involving a landscape estimating, plant propagation or potting, identification of plants, disorders and equipment. Each team competed on local and state levels to earn the privilege of representing their state at the National FFA Convention & Expo.

This event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the national convention in which FFA members apply classroom knowledge to real-life situations.
