The National FFA Organization National Event Winners - Agricultural Technology and Mechanical Systems 2025

INDIANAPOLIS- Winners of the National FFA Agricultural Technology and Mechanical Systems CDE were announced Friday during the fifth session of the 98th National FFA Convention & Expo in Indianapolis. Dr. Rick Ford and Dr. Preston Byrd served as superintendents of the event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The agricultural technology and mechanical systems event recognizes students' competencies in agricultural technology and mechanical systems emphasizing problem-solving, modern technology, and practical hands-on skills. The event aims to prepare students for the workforce by developing effective communication, teamwork and an understanding of complex systems, making them competitive in the job market.

The event, held at the Indiana State Fairgrounds, is one of many educational activities at the National FFA Convention & Expo in which FFA members practice the lessons taught in agricultural education classes.

Top Placing Teams

1st Place-- Missouri	Kaden Hunolt, Jared Johnston, Samuel Schwanke, and Quintin Wiedeman, all of North Shelby FFA
