The National FFA Organization National Event Winners - Floriculture 2025

INDIANAPOLIS- Winners of the National FFA Floriculture Career Development Event (CDE) were announced Thursday during the third session of the 98th National FFA Convention & Expo in Indianapolis. Ms. Melissa Riley served of Georgia served as superintendent of this year's event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The floriculture event inspires career interest in the floriculture industry through leadership and hands-on technical skill development. Floriculture involves cultivating flowering and ornamental plants for gardens and the floral industry, encompassing greenhouse and field production, garden center management, and floral design. The event also tests individual members' employment readiness, plant identification and maintenance, and sales practices.

This event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the national convention in which FFA members apply the knowledge gained in the classroom for real-life situations.
