The National FFA Organization National Event Winners - Livestock 2025

INDIANAPOLIS- Winners of the National FFA Livestock Evaluation Career Development Event (CDE) were announced on Friday during the fifth session of the 98th National FFA Convention & Expo in Indianapolis. Mr. John Mendes of Modesto Junior College in California served as superintendent of the event.

The top ten individuals and the national winning team members received cash awards to recognize their success in the event.

The livestock evaluation event offers participants the chance to gain hands-on experience in evaluating and selecting livestock, including beef cattle, swine, sheep, and meat goats. Through this event, participants will develop the ability to make accurate observations, determine desirable traits, and make informed decisions based on these observations. They also learn to discuss and defend their decisions, understand industry standards, and effectively communicate using industry terminology. Furthermore, participants will build valuable connections with industry professionals and develop essential skills for future agricultural careers.

The event, held at the Indiana State Fairgrounds in Indianapolis, is one of many educational activities at the National FFA Convention & Expo, during which FFA members practice the lessons taught in agricultural education classes.
