

AGRICULTURAL TECHNOLOGY AND MECHANICAL SYSTEMS

Purpose:

The National FFA Agricultural Technology and Mechanical Systems Career Development Event (CDE) has strong technical content and is complemented by the development of practical, hands-on skills. The subject matter areas and skill development practices have been grouped into five system areas, so named because of the complex interaction and synergistic process common to agriculture

Description:

Participants of the agricultural technology and mechanical systems CDE demonstrate skills based on environmental and natural resources systems, technology, and agricultural machinery and equipment.

Career Opportunities:

- Diesel mechanic
- Turf farmer
- Lawn and garden equipment mechanic
- Agriculture electrician
- Irrigation engineer
- Teacher
- Technical writer
