

NAME: _____

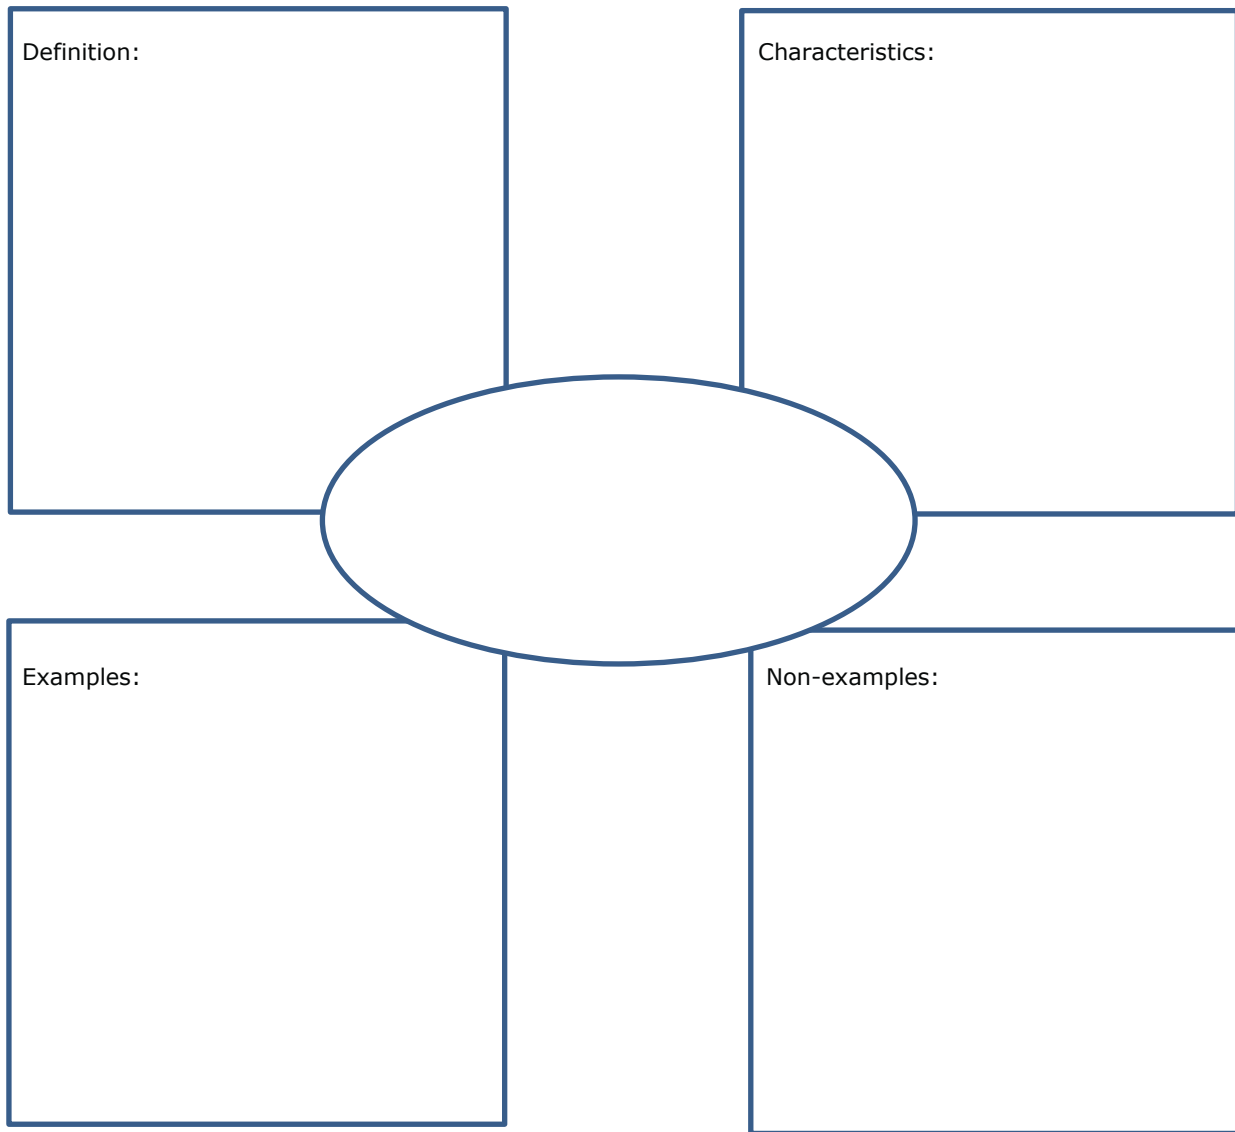

Current Event Worksheet: Frayer Model

DESCRIPTION:

The Frayer Model is a graphic organizer that contains four compartments for recording information related to a concept. The four components are definitions, characteristics, examples and non-examples.

DIRECTIONS:

Choose an article to read and record information as directed in the rectangles.

The diagram is a Frayer Model graphic organizer. It consists of a central horizontal oval. Four rectangles are arranged around this oval, each connected to it by a line. The top-left rectangle is labeled 'Definition:', the top-right is 'Characteristics:', the bottom-left is 'Examples:', and the bottom-right is 'Non-examples:'.
