Current Event Worksheet: Infograph-It

Many times articles have so much information captured in words, important details can be lost as we try to read through everything. Read an article and try to capture big ideas, details and information in a visual format.

DIRECTIONS:

Read the assigned current event article and complete the following activities.

Title of Article: _____

1. **Read** through the article. **Record** key facts, ideas and information here:

2. **Draw** a graph (pie, line, bar, or pictograph) that illustrates the information. Be sure to write down the information that people seeing your infographic would need to understand.
