DIRECTIONS:

Read the assigned current event article and answer the following questions.

Dictionary.com defines a **trend** as "the general course or prevailing tendency."

1. What trends do you see in the article? What events might have caused or led to these trends?

2. Do you think the trends will be long-lasting? Why or why not?

3. What factors could change these trends? Should they change? Why or why not?

4. If these trends were to continue, what would be the future outcomes? What would happen to you, your community, your state or the world? Explain your reasoning.
