

EMPLOYMENT SKILLS

Purpose:

The National FFA Employment Skills Leadership Development Event (LDE) is designed for FFA members to develop, practice and demonstrate skills needed for seeking employment in the industry of agriculture. Each part of the event simulates, as closely as possible, real-world activities that are used by employers.

Description:

Participants of the employment skills LDE will design and submit a cover letter and resume and complete a job application, as well as participate in a phone interview, personal interview, and networking activity.

Career Opportunities:

All occupations require an interview process; therefore, the skills developed in this event are fundamental to many different careers in agriculture.
