
Objective

To obtain the position of Part-Time Wildlife Technician at the Mountain Park Wildlife Management Area and utilize my strengths and experiences to assist the regional supervisor in conducting surveys, investigations and developments that enhance wildlife.

Education

High School **Anticipated Graduation: May 2025**

- Relevant Coursework: Agricultural Explorations, Introduction to Agriscience, Agricultural Mechanics, Agricultural Communications, Agricultural Leadership
- 4.0 cumulative GPA
- Class Rank 1/180 of High School Juniors

Work Experience

Manager - Shooting Range **July 2020-Present**

- Design and construction of a 4 acre active shooting range by using a chainsaw to remove tree debris and a utility tractor to level ground surfaces.
- Installation and maintenance of 39 electric clay target throwers and 16 shooting frame windows.
- Implementation of blueprints detailing equipment placement and clay target angles.
- Assist 73 beginning sportsmen by providing hunter safety education and proper training on all firearms that are used on the shooting range.

Owner - Hunting Accessories **July 2020-Present**

- Manufacture duck and goose calls from oak wood, cedar wood and acrylic blanks using shop equipment including a lathe, chisels, electric sander and drill press.
- Construct handcrafted hunting lanyards and dog collars for sportsmen from paracord material.
- Market all hunting products on Instagram and Facebook social media platforms.
- Advertise products and network with local hunters at wildlife expositions.
- Collect payments totaling \$4,370 and ship products to customers across the United States.

Leadership Experience

Waterfowl Youth Coordinator, **September 2022-Present**

- Coordinate all youth waterfowl hunts including scouting hunting locations, organizing gear and equipment and planning transportation.
- Pair young hunters with mentors to aid in the development of their hunting abilities. Mentors advise students on ethical hunting techniques, safety precautions and conservation practices.
- Plan and facilitate 3 fundraisers to raise over \$6,520 to support 3 youth hunting excursions.
- Present information to inform youth and adults at the annual Waterfowl banquet, 15 chapter meetings and additional speaking engagements.

FEA Chapter Vice President **May 2022-Present**

- Coordinate the development of a program of activities for a chapter of over 200 active members and represent the chapter in official functions.
- Serve as an ex-officio member of 15 chapter committees and provide leadership to assist committee members in planning and conducting chapter activities.
- Work closely with the chapter president and advisors to assess the progress of meeting chapter goals throughout the school year.

Achievements and Honors

- State Champion - FFA Employment Skills Leadership Development Event** 2023
- Demonstrated skills needed for seeking employment in the industry of agriculture including personal interview, resume and cover letter development and follow up correspondence.
- State Champion - FFA Sporting Clays Shotgun Sports Team** 2022
- Competition administered by the [REDACTED] Department of Wildlife Conservation based on shooting clay targets from a prescribed pattern.
- National Runner-Up - FFA Agricultural Sales Career Development Event** 2022
- Evaluated on ability to build rapport with customers, discuss the features and benefits of a product, identify potential customer objections and apply knowledge to customer needs.
- State Runner-Up - FFA Conduct of Chapter Meetings Leadership Development Event** 2022
- Served as Secretary on a team tasked with conducting efficient meetings using parliamentary procedure and building communications skills.
- Third State - FFA Agriscience Prepared Public Speaking Leadership Development Event** 2022
- Addressed the issue of cyberattacks in the agricultural industry by composing a written manuscript and presenting the speech to a panel of judges.
- Fourth State - FFA Natural Resources Public Speaking Leadership Development Event** 2022
- Analyzed the environmental impact of solar and wind energy components and explored recycling techniques to minimize long term effects on land and water resources.
- State Champion - FFA Sporting Clays Shotgun Sports Individual** 2021
- Highest scoring individual in competition administered by the [REDACTED] Department of Wildlife Conservation based on shooting clay targets from a prescribed pattern.
- State Runner-Up - FFA 8th Grade Public Speaking Leadership Development Event** 2021
- Explored the [REDACTED] Land Access Program administered by the [REDACTED] Department of Wildlife Conservation and the benefits it offers to agricultural producers in the state.
- Eighth State - FFA Environmental and Natural Resources Career Development Event** 2021
- Gained awareness and demonstrated knowledge in areas that affect the air, soil and water. Interpreted data and worked through scenarios involving environmental threats.
- State Champion - FFA Novice Parliamentary Procedure Leadership Development Event** 2020
- Conducted an efficient meeting using parliamentary procedure and communications skills to present, address and act upon selected scenarios.
