Mr. Mark Kline
6060 FFA Dr.
P.O. Box 68960
Indianapolis, IN 46268-0960

Dear Mr. Kline,

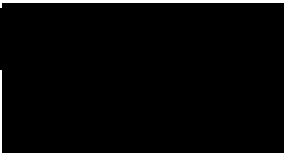

My passion for agriculture, youth, and education have led me to pursue a career as an agriculture educator in the future. When I learned of the communications intern position at the National Association of Agricultural Educators (NAAE) through your website, I was immediately intrigued. It would be an honor to have the opportunity to get to know some of our most exemplary professionals in agricultural education better by highlighting their service in NAAE publications and award materials. The internship position would provide me with meaningful insight and knowledge on what it takes to be an outstanding agricultural educator. I know that with my work ethic and agricultural background I would be able to make a significant contribution to your organization. My enclosed resume will provide you with an overview of my extensive education and experience within the agricultural education field.

Through a variety of unique and relevant experiences, I have gained experience in technical writing, advocating for agriculture, and developed interpersonal skills required to meet goals. My high school and college level agriculture education course work has helped me to become well versed in numerous areas of agriculture and the competencies required for an agricultural educator. Furthermore, I worked with the  Homepage Network while I served as my FFA chapter reporter, creating [videos and press releases](#) pertaining to agriculture. Additionally, as a Global Teach Ag Network intern, I gained expertise in writing monthly newsletters that will allow me to excel in writing publications for the NAAE.

Through my time serving as an FFA officer at the chapter and state level, I have had the opportunity to write banquet scripts, participate in recognizing agricultural educators at the state level, and networking with agricultural. I have been involved with a myriad of activities through the National FFA Organization which have helped me to become a more effective problem solver, critical thinker, and helped me to develop teamwork skills. I will use these skills from my prior experiences to help honor and recognize those agricultural educators who go above and beyond their responsibilities and make them shine as outstanding examples of NAAE members in award publications for your organization.

Mr. Kline, if you are interested in an enthusiastic, dedicated, and well-written communications intern, please feel free to get in touch with me using the contact information listed above. I aspire to share my knowledge of agricultural education with others as part of your team. I will reach out by September 1st to ensure you have received my application and resume and to discuss a time that we will be able to meet to discuss the communications intern position at your organization. Thank you for your time and consideration in reviewing my resume and application.

Sincerely,

Enclosure: Resume
