

A top-down view of a white plate containing a meal of grilled chicken, broccoli, carrots, green beans, and cauliflower. A semi-transparent grey circle is overlaid on the plate, with a diagonal line dividing it into two parts. The upper-left portion of the circle is shaded, and the large text '40%' is centered over this shaded area.

40%

According to current estimates
of the food
produced globally
is **never eaten.**

And that's enough food to feed

3 BILLION PEOPLE

which is the combined population of

North America
579 MILLION

South America
422 MILLION

Europe
738 MILLION

Africa
1.2 BILLION

FOOD WASTE

is the single,
largest contributor
to landfills
around the world.

FOOD WASTE

contributes
4.4 GIGATONS
of CO₂ equivalents
to the atmosphere
each year...

Putting food on our plates
requires a staggering amount of resources.

LAND

WATER

A photograph of an industrial facility, likely a refinery or chemical plant, at night. The scene is illuminated by bright artificial lights, creating a strong contrast with the dark blue twilight sky. Several tall, cylindrical storage tanks are visible, along with a complex network of pipes, walkways, and structural steel. In the foreground, a paved road or walkway leads towards the facility, flanked by streetlights that cast a warm glow. A large electrical transmission tower stands to the left, with power lines stretching across the sky. The overall atmosphere is one of industrial activity and energy production.

ENERGY

TRANSPORTATION

FOOD WASTE

is about more than just wasted food.

And that's why **SEALED AIR**
is committed to a **waste-free future.**

FOOD PACKAGING

**that extends shelf life and helps
reduce food waste.**

CRYOVAC[®] Shrink Bags

FOOD PACKAGING
that is thin, lightweight and
uses resources wisely.

CRYOVAC[®] Pouch Packaging

FOOD PACKAGING

that is easy to recycle or reuse and creates
a circular packaging solution.

CRYOVAC[®] Darfresh[®] on Tray

FOOD PACKAGING

that digitally provides information to eliminate waste and drive connectivity in the supply chain

An aerial photograph of a vast, green landscape at sunset. A winding road cuts through the fields, leading towards distant mountains under a dramatic, cloudy sky. The sun is low on the horizon, casting a warm glow over the scene.

Together, we're a part
of something
important.

The future is
yours to lead!
