

DO NOT REMOVE FROM CONTEST AREA

2017 Individual Event A Judges

Information provided to the student:

Mr. and Mrs. Young farm approximately 4000 acres of corn, winter and spring wheat, and soybeans. Additionally, they have 150 Angus cross cows that they calve each spring and sell the calves at weaning. They have 4 kids.

Supplemental Judge information: STUDENTS MUST ASK QUESTIONS TO FIND OUT. DO NOT DISCLOSE THESE DETAILS TO STUDENTS UNLESS THEY ASK THE RIGHT QUESTIONS.

In the past, you have been intrigued by RTVs and how they could be used on the farm, but have felt it was not a necessity.

Your Operation

- 4,000 acres; corn, winter/spring wheat, and soybeans
- 500 acres are ~ 1 mile of home farm and ~3,500 acres located around county
- Cattle pasture is within ~ ½ mile of home farm and is mostly rocky and undesirable for row crop and rolling hills
- Your neighbor has offered 500 acres to you to cash rent close to home
- 1 full-time employee
- 2-5 seasonal employees
- Own an off- road diesel tank on the farm

Family Information

- Mid 40's and married
- 4 children
 - Oldest daughter is 25, is married, and is expecting their first child and your first grandchild. They only live ~ 10 minutes from the home farm.
 - She is a teacher and her husband is a seed salesman and help with cow/calf operation
 - 21-year-old son, senior in college, and plans to return to the farm
 - 17-year-old son: involved on the farm, school sports, and FFA
 - 14-year-old daughter: involved on the farm, school sports, and FFA

Desired Features in RTV

- Plastic canopy
- Tempered glass windshield
- Trailer hitch
- Winch Kit
- Sprayer
