

Doggy Daycare Application

We love dogs and want your dog to love coming to our daycare. No one knows your dog better than you, so we'd appreciate you taking the time to fill out this application. The more we know about the dogs in our care, the better our playgroups will be.

Flea Prevention

Tick Prevention

Any known allergies? ☐ Yes ☐ No _____

This dog is healthy and physically fit for daycare, with no exercise restrictions.

Doggy Daycare recommends vaccines are completed at least 10 days for injectable, and at least 5 days for intranasal or intraoral Bordetella vaccines prior to exposure at daycare. If this time frame is not met, we have discussed this with the owner, and they approve of the risks.

(Please provide us with a copy of your pet's medical and vaccination history records for verification prior to coming in for the assessment. We can help you answer these questions with your records if you are unsure. These can be requested from your most recent Vet and uploaded to the Doggy daycare canvas page or emailed to (CM10760@cherookeek12.net)
