

NAME: _____

Animal Bio Health Celebration

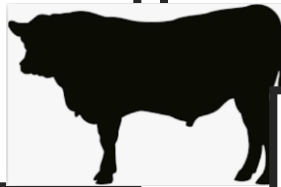

DIRECTIONS:

Animal health is important in day-to-day animal operations and for companion animals. Watch the video, Merck Animal Health (<https://vimeo.com/447509468>), and complete the following activities.

1. What are some of the best biosecurity practices for shows? *Identify 7 practices.*

2. What has been the impact of COVID-19 on the animal health industry?

3. How is Merck Animal Health working with partners to help with animal bio health? *Identify 4 ways.*

5. What are some tips for those starting out with animal bio health with their animals?

4. How does animal bio health impact you and your friends and/or family?

6. What stress might show animals (animals in fairs, livestock shows, etc.) experience, and how will it affect the overall health of the animal?

7. Using [AgExplorer](#), identify three careers (besides a veterinarian) that are directly related to animal health.
