

Station 1 Production

Station 1: Production – Precision Planting Race

What to Do:

- Each team member must toss a "seed" (beanbag, small ball, or paper ball) into a "field" (bucket, hula hoop, taped square on the floor).
- Each team member must make one successful toss before the team can move on.
- Miss a toss? Try again until it lands in the target.
- Goal: Plant your seeds carefully and successfully — precision is key in farming!

Station 2 Processing

Station 2: Processing – Food Factory Assembly Line

What to Do:

- Create an "assembly line" with your team.
- Step 1: First teammate spins around once (simulate a busy factory environment).
- Step 2: Second teammate wraps the product in a piece of paper or cloth (packaging).
- Step 3: Third teammate attaches a sticky note or tag (labeling the product).
- Once the product is fully packaged and labeled, you can move to the next station!

Station 3

Transportation

Station 3: Transportation – Road Trip Challenge

What to Do:

- Blindfold one member of your team. The rest of the team will guide that member through the course.
- Follow the "road" — a zigzag course marked by cones, chairs, or tape.
- Carry your product on a spoon, carefully.
- If you drop your product or touch a road line, you must return to the start of the road.

Station 4

Storage and Distribution

Station 4: Storage & Distribution – Freeze It Fast

What to Do:

- Balance your product on a clipboard, tray, or plate.
- Carefully walk across the station while balancing.
- When the teacher yells “FREEZE!” you must stop moving IMMEDIATELY — no wobbling or stepping!
- When the teacher says “GO!” you can keep moving.
- Drop the product or move during “Freeze”? Return to the start of this station!

Station 5

Retail

Station 5: Retail – Pop-Up Shop Pitch

What to Do:

- As a team, invent a catchy 5- to 10-second sales pitch for your product.
- Your pitch must include:
 - The product name
 - A fun reason why someone should buy it
 - (Optional) A silly jingle or slogan for bonus creativity!
- Deliver your pitch loudly and proudly before crossing the finish line!
