

VETERINARY SCIENCE

Purpose:

The purpose of the National FFA Veterinary Science Career Development Event (CDE) is to promote college and career readiness by providing opportunities to develop technical knowledge and demonstrate practical skills in the field of veterinary science.

Description:

Participants of the veterinary science CDE will conduct research with local veterinarians; present to a panel of judges about roles and responsibilities of the team; explain the steps and procedures of the veterinary process; complete a written exam and a math applications exam; utilize problem-solving skills to respond to a current events situation; identify breeds, equipment, and parasites; and complete practicums in handling and restraint and clinical procedures.

Career Opportunities:

- Small/large animal veterinarian
- Veterinarian technician
- Zookeeper
- Fish and game warden
- Marine biologist
- Animal control officer
