

Students please affix one of the self adhesive labels from your sheet of identification labels to this page. Make sure the edges of the label are within the boundaries of this box and that the affixed label does not obscure any other parts of this page. If you do not have a self adhesive identification label complete the following information.

Your Name:

Write your name as it appears on your name badge.

Your Participant Code:

--	--	--	--	--	--	--	--	--	--

Write your participant code as it appears on your name badge.

Students please do not write or mark within this box.

Judge's Initials: _____

**2013 NATIONAL FFA AGRICULTURAL TECHNOLOGY AND MECHANICAL SYSTEMS
CAREER DEVELOPMENT EVENT
STRUCTURAL SYSTEMS**

Please read and follow directions carefully! Use your time wisely!

GENERAL INFORMATION / DIRECTIONS:

Assume you are repairing a piece of agricultural equipment. While making the repair you are required to weld pipe to plate using SMAW. The joint must be leak-proof. This exercise represents this requisite skill.

PROCEDURES:

1. Safety: Because you are working in a welding area safety glasses must be worn at all times. A serviceable welding helmet with a shade ten (minimum) protective lens as well as leather gloves and long sleeves must be worn while welding.
2. Follow the provided plans to assemble and weld the required piece utilizing the shielded metal arc welding (SMAW) process.
3. Properly mark your completed assembly and turn it in to a contest official with this sheet.

Activity Score Sheet		
Graded Item	Possible	Score
1. Correct assembly and clean-up	3	_____
2. Bead width and contour	3	_____
3. Absence of undercut	3	_____
4. Bead uniformity	3	_____
5. Equal bead width on both mating surfaces	3	_____
6. Tie-in of beads	3	_____
7. Leak-proof pressure test	9	_____
8. Safety	3	_____
TOTAL POINTS: (Double check point total and enter at top)	30	_____
