

2016 NATIONAL FFA LIVESTOCK JUDGING CONTEST

Indianapolis, IN

HEREFORD HEIFERS

Animal Number	EPDs			
	BW	WW	YW	Milk
1	3.8	59	85	25
2	2.5	65	96	20
3	2.8	63	94	21
4	1.9	55	79	19
Breed Average	3.5	46	76	19

SCENARIO: Rank the four heifers as they should be kept in progressive Hereford operation that profits from the sale of cattle to other purebred breeders and youth as show prospects. The owner of the operation works off the farm and maintains 80 cows. His focus is on acceptable birth weights and adequate growth and milk. Feed resources are adequate and labor is somewhat limited due to employment in town as an ag lender.
